Summary of Representation.

Police Jurisdiction over the Kolar Gold Field Railway. Mr. R. H. P. Bullen, Kolar Gold Field Mining Board	The Government Order declining the grant of Police jurisdiction over the Kolar Gold Field Railway to the Kolar Gold Field Police may be reconsidered. It is noted that the Government have decided that the present arrangements in regard to control may continue. In view of the special Mining Law, which extends to the Kolar Gold Field Railway within the prescribed limits, the Board earnestly request that the subject may be re-considered.
Existing order or practice relating to the subject—	Government Order No. J. 5104—Police 149-17-3, dated the 13th June 1918.
Remarks by the Deputy Commissioner—	

1) In the G.O. referred to above it has been decided that the present arrangements may continue. The Mining Board now urge that that order may be re-considered. Subs for orders.

(10) I do not understand this question as to Mining Board. It is in material to them whether the Railway is under the jurisdiction of the Supdt. K G F or the Supdt. Railways Mysore. As provided under the K R. Mining Regulations the working and management has been vested in the Mining Company or the K G F Police by the two forces being under separate heads. Perhaps the Mining Board are referring to the instance of the Supdt. K. G. F who wants to know the Railway Police under the authority of the jurisdiction was the Railway have had been entrusted by the Protection force in the Madras Bangalore & Bangalore Harihar lines, the Railway Police would have been in charge of a Railway Supdt & not of the District Supdt of Police in British India. The Railway Police is a unit by itself & does not form part of the District Police. The reason is that the

NOTE—Contn. sheet

Serial No.

1209/7

system of work on his Railways is different from that in his districts. The Shadwing of Railway thieves is a special art which can be cultivated only under expert guidance. This has entrenched jurisdiction on his Railway lines. Here thefts in Bus and Sheds can be prevented and his Railway staff can be constantly watched, and since his Railway men are a mobile people, his Police also has to be equally mobile. I am not enquiring in favour of his change. I think (but does not question) the Hyderabad Agency has not in favour this change—

(1) In the absence of concrete instances pointing to any serious disadvantages attaching to the existing system, I would not, in order to please the Mining Board, disregard the opinions of successive Inspectors General of Police and go back upon a system deliberately adopted and afterwards in June 1918 deliberately re-affirmed—

(2) The Mining Board may be politely informed

The K G J mining Board have in their letter of 24th May 19 & the D Mogr. Explained the grounds on which their representation is based. The present D.S.P (Dt Jawaharlal Gr) to whom the letter was forwarded for his opinion has expressed himself in favour of granting their request.

2) I do not think that the K.G.J. Mining Board have made out a particularly strong case in favour of their representation. As most of the grounds urged by them are applicable with almost equal force to the R^a lines running through other areas. At the same time, I may repeat here, what I stated in D.S.P in April 18, that the Engineer to Government asked for Government's instructions as to whether they should be allowed with any particular disadvantage.

3) The matter may perhaps be considered & decided at a meeting of the Council of the Dewan appointed.

Dewan.

19th April 1920

Final Note by the Third Member of Council.

Subject:-

Police jurisdiction over the Kolar Gold Fields Railway.

---

(42) The Kolar Gold Fields Railway Police was under the Special Superintendent of Police for the Gold Fields area until the appointment of a separate Superintendent for Railway Police in 1917 when the entire Railway Police Staff was placed under his control. Since then the Mining Board have repeatedly represented that so far as this branch of the Railway Police is concerned the original arrangement is more convenient to them and may be restored. Last time when the matter came up before Government on a representation made by the Board to Mr.Baner during his visit to the Fields in March 1918, the Inspector General of Police, Mr.K.R.Srinivasa Iyengar, who was consulted, stated that while he had no particular objection to the request being granted, there was no real need for the change of control as the Gold Fields Police and the Railway Police were working in harmony and no instance of inconvenience or trouble in consequence of the existing arrangement had come to his notice. The Council agreed in this view and orders were accordingly issued in June 1918 that the existing arrangement might continue.

(43) The question having been pressed again by the Board through their representative in the Representative Assembly, a further statement of reasons for the proposed change was called for from the Mining Board and on its receipt it was forwarded to the present Inspector General of Police for opinion. Mr. Subramaniya Iyer is of opinion that it is desirable to transfer the control of the Kolar Gold Fields Railway Police to the Superintendent of Police, Kolar Gold Fields. Mr.K.R.Srinivasa Iyengar as Third Member of Council has noted that no particular advantage will result by granting the prayer of the Mining Board.

(15

(dr) The matter was considered at a meeting of the Council and it has been resolved that the Police jurisdiction over the Kolar Gold Fields Railway may be vested in the Superintendent, Kolar Gold Fields.

(es) The resolution of the Council may be approved.

(22)

Letter dated 24th July 1919 from the Secretary, Kolar Gold Field Mining Board, Oorgaum to the District Magistrate, Kolar District

---

I have the honour to acknowledge the receipt of endorsement No.21 of 19-20 dated 12th July, 1919, to copy of letter No. G 27774 Pol. 172-18-2 dated 12th June, 1919, from the Chief Secretary to the Government of Mysore to the Deputy Commissioner, Kolar District, and of your reminder No. J. C. 21 of 19-20, dated 20th July, 1919, in reply to which I am to say.

1. The Headquarters of the Superintendent of Police, Railways and C.I.D., being in Bangalore is a disadvantage in the working of a railway line which is intended primarily for the Gold Mining industry, as that Officer is not fully acquainted with local conditions, Gold receivers, carriers, etc. The actual working of the line is in the hands of only one subordinate officer, viz., a Sub-Inspector of Police.

2. The Constabulary - a limited one - is unchanged, which is a bad policy, particularly in a place like the Kolar Gold Field where the temptations to assist in the illicit transport of Gold are great. If the line were placed under the Gold Fields Superintendent of Police this difficulty could be overcome, as he could effect transfers at any time. It frequently happens that, although nothing can be proved against a constable, there are grounds for suspicion against him, and his transfer is essential.

3. Under the recent re-organisation of the Kolar Gold Field Police there is a larger number of superior and inferior officers than formerly, and they might at any time bring to the notice of their Superintendent defects in working that have come under their personal observation, with the result that such

(25

defects would be set right. At present the Railway Police, staffed as it is with a Superintendent at Bangalore and only a Sub-Inspector on the spot, acts quite independently of the local police. This, of course, could be rectified by ~~xxxxxx~~ conferences and communications between the two Superintendents, but, in the opinion of the Mining Board, there appears to be no question whatever that the control of both the Gold Fields and the Railway Police should be in the hands of one and the same officer to secure harmonious working in the interests mainly concerned, viz., those of the mining industry.

4. A case recently occurred in which the brother-in-law of a resident of the Gold Field was searched by the Railway Police on suspicion that he was carrying gold, but nothing was found on him. A few days later the Superintendent of the Gold Fields Police, acting on information given by our Watch Establishment, and in complete ignorance of the search referred to having been made, went to Kotur village and had two houses searched. In one of the houses, which was in the occupancy of the brother-in-law aforesaid nothing, of course, was found, whilst in the other house Gold of the value of Rs.41-6-0 was discovered. Such an event could not have occurred if one Superintendent had been in charge, as he would have been furnished with full particulars of the first mentioned search in the diary of the day.

5. In conclusion, I am to point out that it was due to the exertions of the Mining Board, with particular reference to the Gold industry, that the line was handed over by the Indian Government to the Mysore Durbar, and, therefore, their appeal for the reversion of control to the

(24

Kolar Gold Field Superintendent of Police will, it is hoped, be considered worthy of favourable consideration.

"C o p y"

for District Magistrate,
Kolar District.
